

New Life Christian Academy first opened in 1997. Our desire was to simply change the life of a child otherwise destined to fail because of behavioral or academic shortfalls. Since then the academy has provided a structured yet nurturing academic environment for over 600 students. Many of these students were "at risk" for failure in the traditional school setting.

Many of the students admitted into the academy are no longer permitted to re-enter public schools or other private schools in our community. Others were not excelling academically in their previous schools, for various reasons. Needless to say, the traditional school setting is not meeting the needs of many of these "at risk" youth. Statistics have shown that focusing more on the individual needs of the child increases their chances of achieving academic success and of becoming positive successful members of our community. This can be accomplished by placing these children in a smaller school setting, such as New Life Christian Academy.

History

NLCA&PS was founded in 1997 as a ministry of New Life Bible Church. The school was established through the combined efforts and prayers of many people for the purpose of providing an education in a Christ-centered nurturing environment, and to partner with parents in raising children in a context that emphasizes a Christian worldview based on Biblical principles in all programs.

Team Effort

NLCA&PS believes that the education and personal development of each student is a process requiring a team effort. The support and cooperative effort of the parents, the church, the NLCA&PS staff and teachers, and willingness on the part of the students themselves will help ensure success.

Campus Life

NLCA&PS offers a comprehensive extra-curricular and co-curricular program that includes campus clubs, chapels, academic competitions, field trips, educational excursions, sports, and visual and performing arts.
