

Welcome to New Life Christian Academy & Preparatory School. NLCA&PS is a non-denominational, preschool - 12th grade college preparatory, private school in Cumberland County, located near the Hoke County line.

Now in our 19th year, NLCA&PS seeks to promote academic excellence through a distinctively Christian learning environment. Our mission is to introduce students to Christ and develop Christian character through dynamic and academically challenging programs, preparing them to go out to be Godly leaders who will make a difference for Christ.

I make two promises to parents: First, New Life will strive to challenge students academically to reach their greatest potential in preparation for an ever increasing, globally competitive world. Second, and of utmost importance, we will operate with a Christ-centered emphasis that promotes a Biblical worldview. I believe that is why God has blessed our school with growth, both in numbers and in the spiritual maturity of our students.

A school is evaluated by its faculty, and our faculty is the strength of our school. Their passion for teaching and their love for our students make NLCA&PS an ideal learning environment. NLCA&PS faculty feels privileged to partner with parents to enhance their students' academic progress. We provide a safe, orderly, and nurturing atmosphere, where students realize their God-given potential that will enable them to impact future generations for Christ.

New Life is a member of Association for Christian Schools International (ACSI) and registered with the North Carolina Department of Non-Public Instruction.

I invite you to explore our website, visit our campus and discover why so many families are making New Life Christian Academy & Preparatory School a priority for their children's education.

For His Glory,

Â Allen McLauchlin
Senior Administrator
